SPECIAL LEVY IS PROBABLE

TO PAY BACK SALARIES OF COUNTY OFFICIALS.

MOTION OVER-RULED

Supreme Court Upholds Its Recent Ruling and Holds in Favor of Former Prosecutor C. F. McCaffrey.

Overruling the motion of the Nodaway County court for a rehearing of the Charles F. McCaffrey vs. the State of Missouri case, the Missouri Supreme Court upheld its recent ruling and declared that McCaffrey is entitled to his back pay amounting to $5,000, according to word received here.

The motion of the county court was filed several days ago after the Supreme Court had ruled in favor of Mr. McCaffrey.

Mr. McCaffrey, who was prosecuting attorney during 1921 and 1922, received a salary of $2,500 a year. He contended that his salary should have been $5,000 per year on account of an act of the Missouri Legislature fixing the salary according to the population of the county by multiplying the total vote by five.

When the women started to vote, it more than doubled the population, according to the act of the Legislature. In 1921, the legislature attempted to remedy this situation by repealing the old law and providing that the salary should be ascertained by multiplying the total vote by three and one-half instead of five. However, the Supreme Court held the 1921 law unconstitutional, thus awarding Mr. McCaffrey the $5,000 salary.

It was said at the county clerk's office this morning that this decision would not only affect the office of the prosecuting attorney but the other salary offices of the county as well. Inasmuch as the county does not have sufficient funds on hand to pay the back salaries, it was thought that a special bond issue would be required. This matter will be taken up at the next meeting of the county court.

The ruling of the Supreme Court not only affects Mr. McCaffrey but it also applies to Dr. O. L. Curl and George Pat Wright, all of whom must be paid at the rate of $5,000 per year instead of $2,500 which they formerly received while in office.

If it affects the other county offices, such as the county clerk, superintendent of schools and circuit clerk, it will probably require a bond issue of more than $25,000 to pay the back salaries.

Claims It's "Pa" and Not "Ma" Ferguson

Kansas Officer, Upon Return Home, Tells of Conversation With Secretary to Governor of Texas.

Wichita, Kan., May 26.—The governor of Texas is "Pa" and not "Ma" as is generally supposed, according to Frank Crow, deputy marshal of the Circuit Court, who recently was in Texas on official business.

"I went to the governor's office in Austin," Crow said, "and asked if the governor was in. He replied that 'he is not here.' I was a little surprised and called the secretary's attention to the fact that up in Kansas we have the impression that Mrs. Ferguson is governor."

"Oh, you mean 'Ma'," Crow quotes the secretary as replying. "She is in Houston with the governor."

Royal Neighbors Will Decorate the Graves

The Royal Neighbors will meet at 2:30 o'clock Thursday afternoon. After the meeting the members will go from the lodge hall to the cemetery to decorate the graves of deceased members. The members are requested to bring flowers.

Two Properties Sold for $9,000.

Yesterday afternoon Thomas Neely sold his improved acreage tract, just south of the city limits, to A. C. Holt. The deal was made by Allen Brothers. They also sold Mr. Neely the ten-room house of Mr. Holt, located at the corner of Fourth and Walnut streets. The price of both properties was $9,000.

Mrs. Truman Worst of Omaha came Sunday night to visit her daughter, Mrs. H. G. Reece, and Mr. Reece, and Mr. Worst's mother, Mrs. Isabel Worst.

Make Extensive Plans for Evolution Trial

Big Building May Be Erected To Take Care of Record Crowds Expected At Hearing of Teacher.

Dayton, Tenn., May 26.—With the expectation that at least twenty thousand persons would meet here June 20 for the trial of John Scopes, charged with teaching evolution to his high school students in violation of the Tennessee law, plans were being discussed here to build a vast temporary structure to hold the crowd.

Judge John T. Raulson, who will preside at the trial, believes the hearing will last for weeks, and some of the attorneys, such as William Jennings Bryan, and the leading defense lawyers, will speak for two or three days.

"My suggestion," Judge Raulson said today, "is that a roof be built over a large vacant lot, perhaps the Dayton baseball field."

It is believed the Judge's plans will be carried out.

DISTRIBUTING TOWERS

College Annual Ranks Among Best of School Publications—Published by Junior Class.

The 1925 edition of the Tower, year book of the State Teachers College, arrived from the printer today and the books were being distributed this afternoon. The book is sponsored by the junior class.

The book was dedicated to Harry A. Miller, instructor of public speaking at the College. In the dedication the Tower staff said, "To one who serves with unfailing optimism, kindest sympathy, inspiring influence, and Christian faith." A word of appreciation was also given by the staff to President Uel W. Lamkin, "whose spirit has enchanced every phase of college life."

In the introduction sixteen pages of rotagraveur pictures of scenes on the College campus were printed on brown tint paper. The contents of the book are divided into six parts: administration, classes, organizations, activities, athletics, and Pandora's box. A colored insert leaf divides each part.

In the foreword the staff says, "To recall to each student a day, an hour or even a minute when he was elated by some activity, achievement or thought to have him possess in his heart an unending pride in his Alma Mater; to write the past in the present to serve the future is the object of the 1925 Tower Staff."

In the feature section of the year book and the Hall of Fame is the picture of Irene Lowry, the 1925 Tower Queen. J. E. Pierpoint has one page in honor of his election to position of College Sheik. Miss Mabel Raines occupies one page as the most versatile girl; Miss Nellie Hall was chosen the most beautiful girl in S. T. C. and Denton Peoples and Lorene Bruckner were selected as the most representative athletes.

Miss Mabel Raines was chosen the most versatile girl by the faculty, who grades on grades, attitude, general knowledge, ability, student activity, and influence on fellow students.

Miss Hall was selected on beauty by a St. Joseph artist from a group of sixty contestants.

Miss Manley, coach of the women's physical education department and H. Frank Lawrence, coach of the men's physical education department selected the athletes. Denton Peoples has won letters in basketball, track, and football. Miss Bruckner is a tennis champion, hiker, basketball star, and has a state letter to her credit.

Grace Foster and Floyd Cook were editor-in-chief and business-manager.

Turns Down Proposal for Ban on Gases

Geneva, May 26.—America's proposal to prohibit the exportation of poisonous gases was turned down this afternoon by the military sub-committee of the arms control conference in secret meeting. Congressman Theodore E. Burton, chairman of the American delegation, will resubmit the amendment tomorrow.

CALF SHOW IS SET SEPT. 26

TENTATIVE DATE ANNOUNCED TODAY BY FLEETWOOD.

TO ENTER 18 CALVES

Details as to Premiums and Judges Will Be Announced Later—District Show Sept. 30-Oct. 2.

Saturday, September 26 was set as the tentative date for annual Nodaway County Baby Beef Show this morning by J. Ross Fleetwood, county agent. Mr. Fleetwood was of the opinion that this was the most convenient time to have the show here as the animals will be sent from here to the District Baby Beef Show at St. Joseph the next week.

Eighteen boys and girls in the county are eligible to enter their calves in this show. The Star Barn will probably be headquarters for the calves until the judging, which heretofore has taken place on Main street. The details as to premiums as a judge will be worked out later and announced from time to time by Mr. Fleetwood.

Tentative dates for the sixth annual St. Joseph Baby Beef show have been set for September 30 and October 1 and 2, according to announcement made today by E. M. Carroll, secretary.

The show this year will be along the same lines as the 1924 event when entries were, for the first time, open to members of the boys and girls calf clubs in the adjoining states of Kansas, Iowa and Nebraska, as well as Missouri.

The show is backed by the St. Joseph Stock Yards Co., co-operating with the state agricultural colleges of the four states named, the purpose being to stimulate and encourage better methods of live stock farming, to demonstrate practical methods of economical production of prime baby beef and to reward club members for their achievements.

The first baby beef show was held here in 1920 as a district event for the juvenile calf feeders of Northwest Missouri. It was continued the next three years as a district show, growing in interest and entries each year.

Last year it was decided to broaden the scope of the show by making it a four-state event.

The rules and regulations governing the coming show will be practically identical with those in the 1924 show. Each county club may exhibit five calves in the individual class; a county group of five calves and one or two carlot exhibits of fifteen or more calves to the car.

Premiums ranging from $35 down to $15 will be offered in three breed classes. Shorthorn, Hereford and Aberdeen Angus. Premiums of $50, $40, $35, $30, $25 and $20 are provided in the county group and five prizes ranging from $75 to $25 will be offered in the carlot class.

In addition to the regular cash prizes several specials and trophies will be computed for at this year's show. The only important change in the rules is one providing for a shrinkage of three per cent on beeves sold through the auction sale, the big closing event of the show.

H. M. Garlock, beef cattle specialist of the extension department of the Missouri college of agriculture, who for several years has devoted most of his time to the promotion of baby beef club work in Missouri will be superintendent of the 1925 show. Mr. Garlock served in the same capacity last year. Any information needed by county club leaders in regard to the show may be obtained by writing or calling upon Secretary E. M. Carroll of the St. Joseph Stock Yards company.

Senior Class Gift to Be Given Tonight

During the program this evening at the College auditodium when the senior class play, "Mr. Pim Passes By," will be presented, the 1925 senior class gift will be presented to the College. Also the birch tree will be given and the cane presented to the junior class by Garland Miller, president of the senior class.

Mrs. Ray S. Wilfley and daughter, Betty, of Steele City, Neb., returned home yesterday after a two weeks' visit with the former's parents, Mr. and Mrs. William Armstrong, and Mr. Wilfley's parents, Mr. and Mrs. G. L. Wilfley.

Board of Regents in Meeting at College

Plans Being Made in View of Appropriations—First Woman Member Is In Attendance At Session.

Plans for the Northwest Missouri State Teachers College in view of appropriations recently approved by Governor Sam A. Baker are being discussed at the annual meeting of the board of regents of the institution this afternoon. The board will take up routine matters such as the passing upon the graduate lists and the formal granting of degrees. Miss Laura Schmitz, the first woman member of the board, is present at the meeting this afternoon. Miss Schmitz lives at Chillicothe. Other members of the board present are William F. Phares, president, Charles A. Lee, state superintendent of schools, Jefferson City, George J. Stevenson, Tarkio, Homer Feurt, Gallatin, and W. A. Rickenbrode secretary.

The board was entertained at a luncheon at Residence Hall today noon.

Quitman Bank Bandit Has not Been Located

At 3 o'clock this afternoon the sheriff's office reported that the lone bandit's office reported that the lone unmasked bandit who robbed the Farmers Bank at Quitman at noon yesterday, had not been located.

Police officers in all parts of this country have been notified and the local officers are working on the case.

2 Maitland Farmers Give $1,000 Bonds

Arch Patterson and Floyd Johnson, Who Were Arrested Saturday, Arraigned Before U. S. Judge.

Arch Patterson and Floyd Johnson, farmers near Maitland, who were arrested Saturday by Federal agent O. M. Kissinger of Kansas City, were arraigned before Richard S. Duncan, United States commissioner yesterday morning at St. Joseph.

They were charged with illegal possession of liquor. Both waived preliminaries and furnished bond of $1,000 each for appearance in the September term of federal court at St. Joseph. The defendants were held in custody in the county jail here over Sunday and have been suspected of supplying moonshine whiskey to many patrons in Nodaway County.

Bus to St. Joseph Is Now on a Schedule

The International motor bus, operated by C. R. Hastings, made its initial trip to St. Joseph Sunday on the regular bus schedule. Yesterday morning it carried several passengers from here to St. Joseph, leaving here at 9 in the morning and arriving there shortly before noon. The bus leaves the Roach Cafe here and the Kinder Pharmacy, at Fourth and Edmond streets, St. Joseph. It leaves St. Joseph at 4:15 in the afternoon and arrives in Maryville at 6:15 at night. The route includes Savannah, Rosendale, Bolckow, and Barnard.

Meal Serving Course Offered at College

Open to Women of the City—Will Be Taught by Miss Irene Teagarden of the College Faculty.

The Home Economics department of the College announced today that a course in regular meal service would be offered during the summer semester. This course will be open to all of the women of the city who care to take advantage of it. The course would be given from 10 to 12 o'clock by Miss Irene Teagarden, instructor of the Home Economics department at the College.

The course would include: emergency meals, serving family without maid, formal serving of meals, buffet luncheon, chafing dish luncheon, and different kinds of teas. The instruction would deal with serving, planning, cooking, and marketing for the various meals.

Movements to Repeal and Extend Publicity

Fight Over Tax Publication In Next Session of Congress Following Court Decision Appears Certain.

Washington, May 26.—A movement for the repeal of the publicity provisions of the income tax law and for its extension to other forms of taxation got under way simultaneously here today following the decision of the United States Supreme Court legalizing previous publication of tax payments. Another fight over this question at the next session of Congress appeared certain.

SAYS WITNESS ASKED $5,000

STATE'S ATTORNEY CROWE MAKES CHARGE AT TRIAL.

HINTS INTIMIDATION

Number of Veniremen Called For Questioning In Effort To Learn Of Attempted Influences.

Chicago, May 26.—A charge that Robert White, missing prosecuting witness, demanded $5,000 from defense attorneys for repudiation of his statement that he had seen William D. Shepherd at Charles C. Faiman's National University of Science, was hurled into the Shepherd-McClintock maze as the trial of Shepherd on a charge of murder swung into the closing session of its eight almost futile days this afternoon.

Chicago, May 26.—One hundred and eight veniremen who have been examined and rejected for service in the trial of William D. Shepherd, their wives and all adult members of their families thronged the corridors and anterooms of the criminal court building here today awaiting their call to be questioned at the instance of Robert E. Crowe, state's attorney, regarding anything which might be construed as an attempt to influence them in behalf of Shepherd.

One complete city mail delivery will be made. No rural delivery will be made Memorial Day.

C. A. Hawkins Talks to Newman Club Today

At the meeting of the Newman Club of the State Teachers College this morning a violin solo was given by Miss Veronicia Berg. A vocal solo, "Thanks Be To God" was sung by Miss Elizabeth Mills.

The main feature of the meeting this morning was a talk by Professor C. A. Hawkins of the college faculty. He spoke of Religion, what it had done for some of the great men of the country and the help that it gives in a crisis; of patriotism not a love for land but living principles of our country; of the school; and of the home.

Officer Acquitted by Oklahoma Jurymen

Wewaka, Okla., May 26.—Viley U. Lynn, federal prohibition agent, was acquitted by a jury in district court this morning of the murder of Bill Tilghman, Cromwell, Okla., city marshal, November 1. The jury returned its verdict at 10:40 o'clock. Deliberation began last night at 7 o'clock. There was no demonstration when the verdict was returned. The trial began last Thursday. Lynn claimed self-defense.

Davis' Second Trial Is Set for June 4

Former Governor of Kansas to be Tried On Bribery and Conspiracy Charges In Pollman Case.

Topeka, Kan., May 26.—The second trial of Jonathan M. Davis, former governor of Kansas, in connection with pardon bribery charges was set today for Thursday, June 4, for what is known as the Pollman case. It was in this case that the governor's son, Russell Davis, admitted having received $1,000 in a hotel after he had delivered the pardon to Fred W. Pollman, former banker of LaCygne.

Davis was acquitted last week on charges of conspiracy and soliciting a bribe in a parole case.

Guest at Robertson Home.

Mrs. W. H. Zittle of Oklahoma City, Okla., sister of Judge J. F. Robertson, came last night to visit Judge and Mrs. Robertson.

Mrs. H. W. Hanna of Gravity, Ia., and Miss Agnes Thompson of Fairfax underwent tonsil operations at St. Francis Hospital this morning.

John Henry Heath, son of Mrs Clara Heath, underwent an operation at St. Francis hospital yesterday morning. His condition is satisfactory.

Telephone and Light Companies Move Lines

Is Preliminary Work Before the Wabash Railroad Commences Re-Location of Track and Freight Depot

The Hanamo Telephone Co., and the Maryville Electric Light and Power Co., started today moving their lines from the Wabash right-of-way, starting at Fourth and Dunn streets.

This is the preliminary work to the Wabash moving its freight depot from the present location to a place farther north. The telephone company and electric light company received orders from the railroad to remove the lines and poles as it expects to commence operations on re-location in about two weeks.

Temporarily the telephone company is locating its poles on the College campus, expecting to put in an underground cable to the College buildings before the summer is over.

The electric light concern will connect up with the College from the high tension line on Ninth street.

DAVIS ORDER IS CANCELLED

NEVADA FURNITURE DEALER ALSO ON STATE BOARD.

AUSTIN EXPLAINS IT

Secretary of Highway Commission Says He Thought New Member Would Be Able to Sell Cheaper.

Jefferson City, May 26.—B. H. Piepmeier, state highway engineer, today said the order given to J. R. Davis of Nevada for furniture for the highway commission had been cancelled, following a complaint by Theodore Gary, chairman of the commission.

Davis is a member of the highway commission and he was asked by E. S. Austin, secretary of the commission, to submit a bid to furnish five tables and five desks.

The bid by Davis was $313, and it was the lowest one. The other bids were $317.50 by John A. Marshall Co., of Kansas City, and $426 by Walter Wymore Furniture Co., of this city.

Piepmeier said he felt the purchase of the furniture from Commissioner Davis was an oversight by Secretary Austin. The law provides no member of the commission can be interested in a contract given by the highway department.

Secretary Austin assumed responsibility for the purchase of the furniture. He asked Commissioner Davis to submit a bid on the theory the department would be able to get the furniture virtually at cost. Davis is in the furniture business at Nevada. He did not solicit the business from the department, according to Austin.

Piepmeier said the order for the furniture was countermanded after Chairman Gary sent him a letter Saturday complaining against the order being given to Commissioner Davis.

Two are Arrested Speeding Last Night

Jack Hawkins, a laborer, pleaded guilty in police court this morning before Magistrate Warren L. Johnson to the charge of speeding and was fined $5 and costs. He was arrested last night by Night policeman John Hayes.

Policeman Hayes also arrested a minor, K. L. Gray, living south of Maryville, last night on the same charge. Judge Johnson was transferring the case to the Circuit Court today.

Miss Jane Tobin of Ancon, Canal Zone arrived here Saturday night to visit at the home of Mr. and Mrs. Louis Gram, Jr.

Mr. and Mrs. Silas Bice of Burlington Junction were guests of Mrs. C. C. Hainline of Wilcox Sunday afternoon.

RESCUER MAY BE ALGARRSON

AIRSHIP DIFFICULTIES DELAY HIS DEPARTURE.

TRUST IN AMUNDSEN

President Coolidge Willing To Use Government Facilities in Search For North Pole Flyers.

London, May 26.—Grettir Algarsson, young explorer, who hoped to race in his collapsible dirigible against Capt. Roald Amundsen's airplane for the honor of first reaching the pole through the air, may assume the role of rescuer, it appeared today.

Airship difficulties delayed his departure from Liverpool but he may send his ship on ahead.

The young explorer, whose plan it was to first push his vessel as far north as the ice would permit, then inflate his collapsible dirigible and fly to the pole. The start of the polar flight will be from Spitzbergen, according to dispatches from Liverpool today. Advices from Oslo and Copenhagen indicate that Norwegian and Danish polar authorities were not eager for other polar expeditions to be fitted out. They took the position that any but a well-equipped expedition led by experienced men would fare less fortunately in the northland than the men they seek to rescue. This viewpoint, of course, would not apply to Algarsson, who was about ready to start on his own flight to the pole.

Washington, May 26.— President Coolidge is willing to use any of the facilities at the disposal of the government to aid in the search for the Amundsen expedition should such assistance be requested, it was stated at the White House this afternoon.

In view of the fact, however, that aid has not been asked for, the government does not plan to take any action toward the expedition, such as sending one of the navy dirigibles to the North Pole in search of the flyers.

Chicago, May 26.—Perfect confidence that Roald Amundsen, artic explorer is safe and will be able to make his way back from the pole was expressed here today by Dr. U. S. Grant, head of the geology and geography department of the Northwestern University.

"I do not believe Capt. Amundsen is in any immediate danger," Dr. Grant declared.

Oslo, Norway, May 26.—The artic regions are threatened with storms and if the Amundsen-Ellsworth flyers landed at the North Pole for observation, the party will be compelled to return immediately, government officials declared today and added after the statement the significant words, "if able."

"No word from Amundsen." That was the only answer the government would give on this, the fifth day since Amundsen and Lieut. Lincoln Ellsworth hopped off from Spitzbergen in two airplanes last Thursday for what was supposed to be a sixteen-hour continuous flight to the pole.

Conflicting reports have been received at Oslo as to how the weather has been at the pole. It is conceded, however, snow has been falling. There has been a recent fall of snow and it was pointed out that this would make it difficult for the Amundsen Ellsworth party to return.

Urges Understanding of U. S. Constitution

French Do Not Comprehend Limitations of American Document, Foreign Minister Tells Senate.

Paris, May 26.—A plea for tolerant understanding of American constitutional limitations as far as foreign affairs were concerned was made to the French Senate today by Aristide Briand, minister of foreign affairs.

Most of the Frenchmen criticizing the United States," he said, "are entirely ignorant of the American Constitution."

Mr. and Mrs. Clive Bennett of Wilcox motored to Kansas City yesterday on business.

The Weather

Fair tonight and probably Wednesday; rising temperature.

Los Angeles to Have Exhibit at State Fair

Is "Silver Anniversary" of Annual Event at Sedalia, Which Will Be Held August 15-22.

Sedalia, Mo., May 26.—Some of the world-famed sunshine and scenery of California is to be transported in a block to Missouri this fall when the City of Los Angeles, through its Chamber of Commerce, installs a huge exhibit at the "silver anniversary" Missouri State Fair here, August 15-22.

Charles P. Bayer, field secretary of the Los Angeles Chamber of Commerce closed a deal with the Fair management last week whereby the civic body of Los Angeles will display in Missouri. It will be the first time that California or any of her cities has displayed her wares on so extensive a scale in this state.

In the main, the display here is intended to depict the various features for which California is noted—climate, soil, location, raw products, scenery, manufacturing and transportation industries. In the display booth, which will occupy a space twelve by fifty feet in the Varied Industries Building, the chamber will attempt to show all of these features in one picture.

In the foreground of the picture will be the old romantic Mission arch. Immediately back of this will be shown the various means of transportation, manufacturing and the modes of travel, blending farther back into a reproduction of the Los Angeles skyline. Farther back from the skyline will be shown the citrus groves for which the state is noted, and still farther back will be shown the oil fields with their towering derricks situated near and bordering into the mountain landscape of the picture.

Bringing the exhibit to Missouri, a state that in recent years has contributed more than its quota to the westerly migration, is only one of the many devices which the civic body of the "City of Angels" expects to use in spreading the California gospel throughout the land this year, according to Mr. Bayer.

Various articles and products of California together with charts and illustrations of Los Angeles will also be used in the display. Altogether the work is expected to show some of the many reasons why Los Angeles is the commercial metropolis of the great southwest, the largest city in population west of Chicago and the fifth in size in the United States.

It is estimated that the cost of bringing the exhibit to the State Fair will amount to several thousand dollars; yet officials in charge of the work are confident they will be exploiting Los Angeles opportunities in a field that will more than return cash value in the number of prospective Angelenos who will see the exhibit.

Democrats Give Fund of $26,250 for Debt

Party Leaders Meet and Make Pledges —Other Subscriptions Later— Make Campaign Plans.

Kansas City, May 26.—A fund of $26,250 to go toward paying the party's indebtedness in the state and future organization work was pledged here late yesterday at a meeting of Democratic leaders from seven of the 16 congressional districts in Missouri.

Additional pledges from the eastern part of the state will be asked at a meeting in St. Louis at an early date.

It was announced at the meeting that funds had been pledged as follows:

Second district, $2,000; Third, $2,000; Fourth, $3,500; Fifth, $11,500; Sixth $2,050; Seventh, $3,000; Fifteenth, $2,000.

The indebtedness of the state party was placed by leaders at $20,000.

A program of extensive organization was outlined at the meeting by Mrs. Katharine Halterman, secretary of the state committee.

It is planned to organize the state down to school districts for the congressional elections of 1926 and for the general election campaign in 1928.

Speakers at the meeting stressed the necessity for party members to work in harmony for future success in the state and nation.

Women took an active part in the council. Among women party leaders here were Mrs. Kate Morrow of Warrensburg, and Mrs. O. E. Risser of Springfield. Speakers included A. M. Dockery, Gallatin, formerly governor of Missouri; and secretary of commerce in President Wilson's cabinet; Judge Joshua Alexander, also of Gallatin; Dr. Arthur W. Nelson of Buncetton, unsuccessful Democratic candidate for governor last fall, and Representative C. C. Dickenson, oldest member of the Missouri congressional delegation. Joshua Barbee of Kansas City, chairman of the state committee, presided at the meeting.

A COMEDY DRAMA IN FEATURE LENGTH AT ELECTRIC THEATRE

For those who like fun, witty and wholesome, I strongly recommend the Warner Bros., photoplay, "The Narrow Street," which is being shown at the Electric Theatre, Wednesday and Thursday.

The picture has been translated to the screen by Julien Josephson, from one of this year's best novels, written by Edwin Bateman Morris, whose subtle blending of humor and mystery, generously flavored with a fascinating love story, has produced a most enjoyable photoplay.

"The Narrow Street" is one continuous thrill after the other, making you laugh and sympathize with Matt Moore and Dorothy Devore, who manage to get into the very embarrassing pass of being husband and wife in name, with a few extra twists thrown in.

Mr. and Mrs. John Dorr of Bedford, Ia., were Maryville visitors yesterday.

$60.27 Per Capita to Operate Large Cities

Total Expenses for 248 Cities of Population Over 30,000 is $2,361,049,079 for Year 1923.

Washington, D. C., May 26.—The Department of Commerce announces that the total payments for operation and maintenance, interest, and outlays for the governments of the 248 cities having a population of over 30,000 for 1923 amounted to $2,361,049,079, or $60.27 per capita. Of this total $1,337,876,067 represents the expenses of operating the general departments; $131,054,782, expenses of operating public service enterprises; $227,854,879, interest on debt; and $664,263,351, outlays for permanent improvements. Of the payments for outlays $204,642,801 were for highways, and $129,770,387 for public service enterprises. The total net governmental-cost payments for 146 cities covered by the various census reports since 1902 amounted to $2,066,234,164 in 1923, $1,984,322,234 in 1922, $1,055,724,595 in 1918, and $996,061,502 in 1915, the per capita payments being $60.29, $59.01, $34.08, and $34.53 respectively. The totals include all payments for the year, whether made from current revenues or from the proceeds of bond issues. Proceeds from the issuance of debt obligations are not considered revenue receipts.

Revenues.

The total revenue receipts of the 248 cities for 1923 were $2,132,309,613, or $54.43 per capita. This was $435,523,885 more than the total payments of the year exclusive of the payments for permanent improvements, but $228,739,466 less than the total payments including those for permanent improvements. The revenue receipts included $1,375,725,557 from general property taxes; $48,754,207 from special taxes; $56,658,824 from licenses; $122,273,066 from special assessments, $115,249,474 from subventions, donations, and pension assessments; $111,570,292 from interest, rents, and highway privileges; $222,849,216 from earnings of public service enterprises; and $79,228,977, the remainder, from poll taxes, fines, forfeits, and escheats, and earnings of general departments. The par capita net revenue receipts of 146 cities covered by the various census reports were $54.78 in 1923, $53.57 in 1922, $32.76 in 1918, and $30.00 in 1915.

Indebtedness.

The net indebtedness (funded and floating debt less sinking fund assets) of the 248 cities amounted to $3,876,379,508, or $98.96 per capita, in 1923. The per capita net debt of 146 cities covered by the various census reports was $103.34 in 1923, $97.57 in 1922, $80.96 in 1918, and $77.86 in 1915.

Assessed Valuations and Tax Levies.

For 1923 the assessed valuation of property subject to ad valorem taxation for city purposes was $55,122,289,085 for the 248 cities having over 30,000 population; and the amount of taxes levied was $1,676,707,067, or $42.80 per capita.

Independent Divisions.

These statistics are for the government of the city corporation proper, independent school districts, sanitary districts, park districts, and other independent districts practically coextensive with the cities. They also include a per cent of the financial transactions, debt, and tax levies of the county governments for cities having over 300,000 population, in order that the statistics for such cities may be comparable with those of other cities in this class in which the ordinary county functions are performed by the city governments.

NUTRITION QUESTION BOX
Conducted by the American Red Cross Nutrition Specialist.

Question.

"Is it true that we do not have to have sugar? How much sugar is it well for an individual to have?"

Answer.

Sugar is not essential to our diet for two reasons; one is that sugar is supplied in fruits and vegetables, the other, that all carbohydrates (sugar and starches) are changed into sugar in the processes of digestion and so supply it to the body. The agreeable flavor of sweet food often leads people to eat more than they really need, which is a waste of money, as well as sometimes a positive harm to the body. When sugar is eaten between meals, as candy, the appetite for the next regular meal may be satisfied and thus is prevented the taking of the necessary foods which contain material for growth, repair and regulation.

A pound of sugar from all sources is not too much for each member of the family for a week's allowance. To find the approximate amount of sugar that is eaten, add to the full weight of sugar used one-half the weight of such foods as jellies, jams, and preserves, and three-fourths the weight of candy, honey and syrup. If jellies or candy are made at home, add the weight of the sugar used in them. The amount used by each person daily should not be more than 2 or 4 ounces.

Tells of Dangers to Batteries in Summer

The motoring public is fairly well informed on the danger of letting a battery freeze and on the general subject of storage battery care in winter, but according to J. L. Fisher local member of the Willard Battery Men, few persons know of the dangers of the summer and hot weather, where their batteries are concerned.

The greatest danger is a combination of an excessive charging rate, lack of distilled water and a long drive on a hot day. Any one of the three taken alone is dangerous enough to the life of the battery and any two in combination may ruin it. "It pays well to be very careful about the water level," Mr. Fisher says, "because if it is right the other dangers are lessened to a great degree."

Anyone can put water in their battery, he says, but he claims it is better to have it done at a reliable battery service station as other conditions of the cells can be checked over at the time.

"In addition to the motor heat and the summer heat, the battery generates the heat within itself with use and unless properly cared for in summer, the plates will warp and be destroyed," he says.

Miss Richards Here.

Miss Evadna Richards, who has been music supervisor in the Stromsburg, Neb., schools for three years, came Sunday night to spend the summer with her parents, Mr. and Mrs. R. W. Richards. Miss Richards will be music supervisor in the Lexington, Mo., schools next year.

You get the SOCIETY BRAND cut in these cool clothes

Some men—careful about their appearance—still hesitate to buy hot weather clothes. They don't realize that in Society Brand tropical worsteds and gaberdines they get the same effect—the same correct cut—that they are accustomed to in the other fabrics. These men have something coming to them. We dare them to ask us to demonstrate.

For weak Run-down Condition!

THE DOOR of opportunity flings wide its portals only to the man who is up and doing—who is filled with pep and punch—with rich, red blood tingling through his system. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men.

Where is the employer who seeks the man who is physically run-down? The man without stamina to withstand the knocks and gaff of the hurrying, scurrying world of business?

S.S.S. is the long established and time honored creator of red-blood-cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S.S.S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff — because your nerve power is lacking. Build up your system!

S.S.S. made of carefully selected and scientifically prepared and proportioned herbs and barks makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

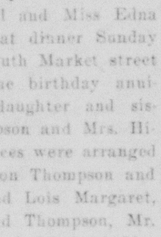
facts about Child-birth

IT has been proven conclusively that much of the suffering, pain and dread experienced during *expectancy*, as well as at *child-birth* is entirely unnecessary.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of *child-birth*.



"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did, start *today* and experience the wonderful comfort it will give you.

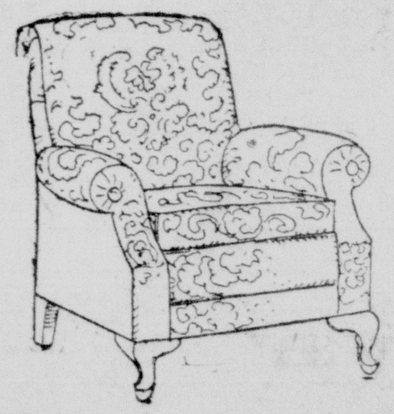
"Where Your Patronage is Appreciated"



The new idea--

Up to a short time ago it was the custom to buy individual furniture pieces. Today it is bought "by the room."

The thing that brought about this new way of buying was the establishment of the Exchange Department. The turning in, as part payment, of the old and no-longer-desirable pieces in the room that is to be refurnished, is what made the plan become popular.

We will be very glad to group any selections you may wish put in a room setting, so that you will not be compelled to visualize it but can actually SEE how it will look in your own home, as a ROOM.

The Exchange or Trade In idea is very simple. We allow you full resale value of your used goods—as cash on a cash purchase of new goods, or as credit on an extended-payment transaction. Let us help you bring your furnishings up-to-date.

AROUND THE WORLD WITH UNITED PRESS.

St. Louis, May 26—Sudden polar blasts which swept Illinois and Missouri over the week end, changing mid-summer days to wintry like weather, wrecked crops in several places.

Reports from Belvidere, Ill., indicate that the pea crop of that state has been damaged from twenty-five to fifty per cent. This estimate was made by the canners of the region.

Mexico, Mo., reporting a heavy frost Sunday night, reported that many of the fruit crops were ruined as well as the early garden. The damage in that county will mount to several thousand dollars.

Springfield, Mo., was visited by a frost and several thousand dollars damage to the fruit crop was reported there. Kansas City also reported cold weather in its region and St. Louis' temperature verged onto freezing.

In many parts of Missouri the gardens must be replanted, owing to the sudden changes.

Cape Girardeau, Mo.—May 26.—Six years of unbroken attendance at school is the record established by Miss Iska Johnson, 12 years old, student in the Marquette school here.

And to top it off the little girl walks a mile to school daily.

At the closing exercises of the school recently her perfect record was made known when she with six other students was presented with a book for having a perfect attendance record for the year.

The attendance record is coupled with a high scholastic record, for the girl represented her school in the county spelling match at Jackson last March.

Edwardsville, Ill., May 26.—Edwardsville High School claims the record for the number of sets of twins in this district.

In all there are ten sets enrolled in the school, but one set will graduate this spring.

The twins are:

Theodore and Joseph Ladd, graduating.
Clement and Clyde Bothman.
Florence and Frances Gerteis.
Jerome and Hubert Keshner.
Ralph and Ruth Schneider.
Benjamin and Bernard Lanham.
Harold and Harvey Dalhaus.
Wesley and Kathryn Sedekum.
Margaret and Viola Blumberg.
Laura and Leon Boyer.

Columbia, Mo., May 26.—Six hundred and seventy five students in the University of Missouri are candidates for degrees at the 83rd annual commencement exercises on June 3.

In accordance with a plan adopted last year the award of degrees will be made only to students finishing their work at the close of the present semester. Those whose studies are completed during the summer will be graduated in August.

The commencement week program:

May 31—Baccalaureate services, Dr. Harry Clifford Wayman, president of William Jewell College.

June 1—Class day for the 1925 students.

June 2—Alumni Day.

June 3—Commencement with Dr. Shailer Matthews, dean of the Divinity School of Chicago University as the speaker.

There are seven candidates for the degree of Doctor of Philosophy in the 1925 graduating class and 95 seeking a Master of Arts degree. The Bachelor of Arts degree will have 158 candidates this year.

Columbus, O., May 26.—Action accomplished at the National Assembly of the Presbyterian Church Monday:

Reaffirmed its stand on marriage by adopting a report of the Christian education committee, declaring that ministers should not remarry divorcer persons save when they are innocent parties to a divorce granted on "scriptural grounds."

Declared its denomination is in favor of rigid movie censorship and restated its friendship for "wholesome pictures."

Passed over a resolution providing financial aid be withheld from student ministers, who chew or smoke, on the ground that this is already forbidden.

Atlantic City, N. J. May 26—A campaign against "fads, cults and fallacies" which impose upon the public worthless "cures" for diseases, was recommended here by Dr. Frederick C. Warnshusis of Grand Rapids, Mich., speaking before the American Medical Association.

Wide publicity for scientific medicine is the most effective weapon against such methods, Dr. Warnshusis said.

"The public should remember" he said "that scientific medicine has not secrets that it witholds. That which benefits the public also benefits us."

Dr. Oscar Dowling, New Orleans, chairman of the board of trustees, said that during the past year "gland cures" had been more extensively exploited than any other pharmaceutical product. The association, he said, was giving special attention to the control of these products.

Dayton, Tenn., May 26.—John will be a popular name at the anti-evolution trial which begins here July 10. Those having christian names of John are:

John T. Scopes, the defendant.
John T. Raulston, the judge.
John Rose, foreman of the jury.
John R. Neal, chief defense counsel.

Tuscola, Ill., May 26.—A claim that deer roam at large in Illinois is made by John Bowles, a farmer near here.

Bowles claims he saw nine head, when they dashed across the highway in front of him recently.

The explanation of the deer, according to residents, is that they are part of the herd which escaped from the Wright deer form five years ago.

Hoboken, N. J., May 26.—While ship reporters and customs officials blushed and modestly turned their heads, eighteen comely young women of Quakertown, Pa., undressed on the pier at which the President Roosevelt docked here recently, and turned over their silken gowns to the government.

The unique procedure followed a decision by customs officials that the silk quaker costumes, valued at $200 each, which the girls, a dancing troupe were wearing, would have to go to the appraisers office before they could be taken into the country.

A conference was held among the dancers, and in spite of the profeered dressing rooms, it was decided that the quickest way to get into New York was to undress where they were and put on street clothing.

This they did.

London, May 26.—A small portion of the great Carnarvon collection of antiques, china and bric-a-brac, has been auctioned for $400,000 to help pay the costs of the recent suit of Mrs. Dorothy Dennistoun against Colan Dennistoun, who now is the husband of the Countess of Carnarvon.

The "Dennistoun case" was the sensation of the winter months in London. Mrs. Dennistoun alleged Dennistoun had urged her to intimacy with his superior officer, the late General Sir John Cowan's to further Dennistoun's interests in the service.

SOCIETY and Club

Announcement Party.

Announcement was made Saturday afternoon of the engagement of Miss Nona Pence, daughter of Mr. and Mrs. Robert Pence of College Springs, Ia., and Byron Murray of Maryville, at a party given by the prospective bride and her sister, Miss Irene Pence at their home. The wedding will take place early in June. The news was conveyed by cross-word puzzles and hearts were used in the house decorations. A pink and white color scheme was carried out in the two-course luncheon. The bride-elect taught the Olwell School last year and her fiance-to-be has been teaching in the Keithsburg, Ill., school. He is the son of Mr. and Mrs. George R. Murray of Maryville.

Surprise Newlyweds.

Mr. and Mrs. Ferd L. Masters, who were married Sunday morning, were given a surprise party last night at the home of Mr. and Mrs. E. F. Daniels, 509 East Third street, by a group of friends. The honor guests were presented with a cut glass cream and sugar service. Games was the entertaining feature and punch was served. Others in the party were Mr. and Mrs. Carroll Hogan, Misses Bernice Holt, Orpha Stewart, Sadie Neal, Gladys Smith, Mary Nelson and Arthur Elmore, Euel Ramsey, Orville Scutterlin, Harry and Fred Nelson, Harold Holt and Jason Kemp.

Wheat at $2.

Chicago, May 26.—Winnipeg May wheat sold at $2 today, an advance of 12¼ cents from Saturday.

Frost Damage Unknown.

Chicago, May 26.—Damage to growing wheat and corn, the result of week-end frost and low temperatures was variously estimated at upward of 25 per cent.

Oats, a more hardy plant and not susceptible to extreme weather changes, was not seriously affected, it is believed.

It will take two or three days before anything is definitely known regarding the actual conditions.

Low temperatures were aggravated by lack of moisture in many sections.

CLOSING GRAIN REVIEW.

Chicago, May 26.—A divided trend featured grain futures close on the Chicago Board of Trade today. No crop wheat made healthy gains; spot had a fractional gain. Coarse grains closed lower, corn leading.

Unseasonable cold weather and apprehension over crops were the principal incentives that developed spirited buying in wheat futures, September leading. Advises from crop experts in all parts of the growing belt told of serious crop and visible frost damage.

The most pronounced bullish advise came from the Northwest.

Rising temperatures and the belief that frost damage was not so serious as at first expected brought profit taking in corn. Offers were far in excess of buying orders.

Oats followed corn. Commission house buying prevented a serious setback.

Provisions sagged late on profit sales induced by lower hogs and freer offerings.

Mr. and Mrs. Royce Walters and children, Wayne and Illene, of Brooks, Iowa, were week-end guests at the home of Mr. and Mrs. Ben Malam.

AN OPERATION RECOMMENDED
Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Los Angeles, Cal. — "I cannot give too much praise to Lydia E. Pinkham's Vegetable Compound for what it has done for me. My mother gave it to me when I was a girl 14 years old, and since then I have taken it when I feel run down or tired. I took it for three months before my two babies were born for I suffered with my back and had spells as if my heart was affected, and it helped me a lot. The doctors told me at one time that I would have to have an operation. I thought I would try 'Pinkham's,' as I call it, first. In two months I was all right and had no operation. I firmly believe 'Pinkham's' cured me. Everyone who saw me after that remarked that I looked so well. I only have to take medicine occasionally, not but I always keep a couple of bottles by me. I recommend it to women who speak to me about their health. I have also used your Sanative Wash and like it very much." — Mrs. E. GOULD, 4000 East Side Boulevard, Los Angeles, Cal.

Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised.

TREND OF K. C. LIVESTOCK MARKET.

Cattle receipts were moderate and prices for most kinds ruled stronger except the ordinary half fat steers and cows and they were about steady. Demand for the better classes was fairly active. The hog market came in for another sharp decline that carried prices under the 12 cent level again. The largest break was in the packing classes. Shippers traded freely. Sheep and lambs were 15 to 25 cents higher than last week's close, with trade active.

Today's Receipts.

Receipts today were 11,000 cattle, 15,000 hogs, 4,000 sheep, compared with 13,000 cattle, 7,000 hogs, and 11,000 sheep a week ago, and 18,900 cattle, 13,450 hogs, and 9,825 sheep a year ago.

Beef Cattle.

Good to choice light weight steers and yearlings were 10 to 25 cents higher, and most other classes of fat steers were quoted stronger. The whole market showed increased activity. Receipts of fed cattle are diminishing and for the next thirty days only moderate supplies will be available. Some good light weight steers and yearlings sold at $10.50 to $10.75. Nothing choice to prime was offered. Some good 1,075 to 1,200 pound steers brought $10 to $10.35, and most of the fed offerings, medium to fair quality sold at $8.75 to $10. Southern grass fat steers sold at $5 to $6.50. Butcher cattle were quoted steady, though trade lacked any particular activity. Average quality of both cows and heifers is not as good as ten days ago, and the offerings are beginning to show grass sap. Veal calves were 50 cents higher.

Stockers and Feeders.

Demand for stockers and feeders was more active than last week, and prices ruled strong to 25 cents higher on the better kinds, and steady on the plain to medium classes. Receipts remained moderate.

Hogs.

Hog prices today following a 25 to 35 cent decline Saturday were off 40 to 50 cents. This break took the market below the $12 level and 80 to 85 cents under last week's best time. Chicago had 53,000 hogs, the largest run at any market in several months past. Supplies elsewhere were fairly liberal. The top price here, $11.85, was paid for light lights by shippers. The bulk of the 170 to 250 pound weight brought $11.30 to $11.70. Packing sows sold at $10.65 to $10.75, and stock hogs and pigs brought $11.25 to $12.00.

Sheep and Lambs.

Sheep and lambs were 15 to 25 cents higher, than last week's close, and generally 25 cents lower than a week ago. Native spring lambs sold at $14 to $15, Arizona fed lambs at $14.60; shorn lambs, $12.50 and shorn ewes at $7.00.

Horses and Mules.

Conditions of meager receipts and a quiet trade prevail in the horse and mule market. Prices are quoted unchanged.

Roscoe Arbuckle, once popular film comedian, planned, after innumerable delays, finally to wed Doris Deane, in Los Angeles, as the first step to starting a new life. Mme. Alexandria Kollontay, Soviet minister at Oslo, Norway, and known as the only woman minister in the world, left suddenly for London, en route to Moscow, leaving behind her vague rumors of intrigue in which she was said to have been involved. Brigadier-General Smedley D. Butler, Philadelphia commissioner of public safety, suspended 400 policemen, after an investigation allegedly disclosed a great booze-running plot. William Lorimer, once United States Senator from Illinois, deposed because of irregularities and involved in a bank's collapse, planned a political come-back this summer, according to his friends.

Maryville and Clarinda won victories over Hamburg 3 to 0 yesterday in the third game of the Iowa-Missouri Golf association. It was played at the Hamburg Country club. Red Oak which sent a team of five men won out in the competition but had to forfeit to Hamburg because they had only five players present.

Ed Dale of Maryville, shooting 88 was low medalist. Dr. Max Brown of Red Oak, shot 91, Bronson of Hamburg 94; Sims of Maryville 96 and Hooker of Clarinda 97.

Maryville retains its lead in the association with four victories while Shenandoah and Clarinda are tied for second place with three victories and one defeat each.

May 31, Hamburg, Corning and Villisco will play at Red Oak.

Yesterday was the last game in the Iowa-Missouri association for Marc V. Sims, Maryville champion who is leaving today for Chillicothe, Mo., where he will be advertising director of one of the dailies there. Sims, a graduate of the school of journalism of the University of Missouri, Columbia, was a member of last year's championship golf team in the I-M Golf association. He has been advertising manager of the Democrat-Forum, Maryville. — Shenandoah Sentinel-World.

Harvey and Newman Y. M. C. A. Delegates

Will Attend Hollister Convention June 5-15—Vernon Barrett Speaks to Members.

After the singing of songs, the Y. M. C. A. meeting at the State Teachers College this morning was led in devotional exercises by Sam Evans. A piano solo, "Fifth Waltz" was a number played by Thomas Lawrence.

The talk at the meeting was given by Vernon Barrett, a member of the organization. His subject was "Are You Keeping Your Friendship in Repair?"

Friendships make heroes, he pointed out, in that people were willing to risk their lives for a friend. Also, that friendships make persons honest through the trust which others place in them. Mr. Barrett thought that gossip was one thing which keeps friendships out of repair. He expressed the opinion that one-half of the murders in the country are the result of gossip. "In gossip," he said, "we are prone to believe what coincides with our belief."

During the business session, upon the motion of the organization, Floyd Harvey, vice-president, and George Newman, secretary, were selected as the two delegates who will go to the Hollister, Mo., convention to be held June 5-15.

George Andrews and Walter Allen, members of the Hi-Y cabinet of the high school association here, were visitors at the meeting this morning.

Merle Ford Home.

Miss Merle Ford, daughter of Mrs. J. S. Ford, returned home Saturday night from Lebanon, Mo., where she has been teaching home economics in the high school. Miss Ford has been re-elected for next year.

Council Bluffs Lawyer Married Here Saturday

Prominent Iowa Attorney Weds His Stenographer and Couple Leaves Immediately for Coast Trip

(Omaha World-Herald)

Raymond Smith of the law firm of Kimball, Peterson, Smith & Peterson, was married at Maryville, Mo., Saturday afternoon to his stenographer, Mrs. Iva M. Ford. He is 33. She is 29.

The wedding, announced today, came as a surprise to many of their friends.

Mr. and Mrs. Smith left yesterday for Los Angeles, where he will represent Bluffs Shriners before the national conclave in the effort to obtain a temple in this city.

The young couple was accompanied to Maryville by Henry Peterson and the Rev. J. R. Perkins, who performed the ceremony.

Mr. Smith is a University of Nebraska graduate and has practiced law in the Bluffs nine years, having been assistant city attorney, and now counsel for the city in the street car rate fight.

Mrs. Smith, daughter of Mr. and Mrs. Phillip Vanderpool, 1718 Eighth avenue, was divorced April 9 from G. Ed Ford. The suit was uncontested. Mr. Smith was her lawyer. She was given custody of their daughter, Ruth, 6, the family home on McGee avenue and $25 a month alimony for support of the girl.

Upon their return, Mr. and Mrs. Smith will live in his apartment in Washington Court.

Mrs. Ora Quinn Brush Is Honor Graduate

Will Complete Course at Colorado State Teachers College June 3—Is Well Known in Maryville

Mrs. Ora Quinn Brush, daughter of Mrs. F. J. Quinn of this city, will graduate with honors on Wednesday, June 3, at Colorado State Teachers College, Greeley, a member of the largest class in the history of that institution. The class is made up of 318, nearly one hundred more than the number comprising the class of June a year ago, and represents seventy-seven cities and towns in Colorado, and fourteen states outside of the Centennial state.

In the class of which Mrs. Brush is a member there are eight who will receive the degree of master of arts, fifty-four will receive the bachelor of arts degree, and two hundred and fifty-six will receive the life certificate in teaching.

With the passing of this large class, preparations will begin immediately to take care of the large number of students who will arrive for the Summer school, which opens on June 16. It is expected that the enrollment in the summer school will reach 3,000.

Mrs. Brush is one of the popular students on the campus at Greeley. She graduated from the Maryville, Mo. High School, and immediately on her arrival at State Teachers College she entered into the activities and quickly made friends among her classmates.

L. M. Rilea motored to Lenox, Ia., Sunday to meet Mrs. Rilea and children, who had been visiting relatives in Osceola for a week. They spent the day with friends in Lenox, returning home Sunday night.

Mr. Ropes does not know when this work will start but he expects that he will move to Savannah sometime in June.

Miss Eva Vaughn Lawson spent the week end with her uncle and aunt, Mr. and Mrs. I. V. Moore of Harmony. Other guests at the Moore home Sunday were Mr. and Mrs. Eugene Flanary and son, Roy Neal.

Ralph Wilson Eversole of St. Joseph spent the week end with his parents, Mr. and Mrs. Ralph Eversole.

LOSES AN EYE AT GOLF.

Accident at Swope Park to Bernard Harrisberger.

The left eye of Bernard Harrisberger, 29 years old, was knocked out at the Swope Park golf course yesterday when he stepped into the path of a drive by his partner.

Harrisberger was carried from the course and was taken to the Bell Memorial hospital, where he was operated upon immediately. The eye was destroyed by the impact of the golf pellet.

At the hospital today Harrisberger was reported doing fairly well. He refused to give the name of his partner in the foursome. Harrisberger lives at 3929 Booth avenue, Kansas City.

WILLYS-OVERLAND - FINE - MOTOR - CARS

Power and Pickup that Make Everybody Marvel

The tremendous success of the more powerful new Willys-Knight has abundantly borne out the prediction made in January that this great car would make history in 1925.

The vastly increased power and flashing pick-up of the new Willys-Knight give this fine car a place all its own in the esteem of the public. Its sleeve-valve engine is free from noisy tappets . . . it is the only type of automobile engine that actually *improves with use* . . . no carbon trouble . . . no valves to grind . . . and the celebrated Lanchester Balancer prevents vibration at any engine speed.

The sanest automobile investment on the market. Easy terms—small down payment.
